

# BUILDING *Success In and* Beyond the LIBRARY

## Popular bundled courses (Half-day options)

### Curating, Collaborating and Leading with Collections

Librarians have been masters of curation long before the digital age. Today, educators can use a variety of online tools. Collections by Destiny® makes it easy to store and organize resources in a platform they already have and are familiar with. Collections inspire collaboration between teacher-librarians and teachers – which can have a significant impact on student achievement.

### Making the Most of Destiny Discover

Not only does Destiny® Discover™ give you seamless access to the print and digital materials in your library collection, it helps guide your students to online resources. Explore ways to maximize your use of Destiny Discover. This includes how to customize the experience for students, search for resources that align with learning objectives and provide access to limitless, curated digital resources.

### Supporting Literacy with Lightbox

Today, one of the biggest challenges educators face is finding engaging, relevant resources that support curriculum and standards. In addition, this content should be readily available, versatile and easy to use. During this session, learn how Lightbox™ supports literacy by aligning content to standards and offering interactive features for close reading and comprehension.

### Maintaining an Organized Library

An organized library is efficient and lets you focus on helping students. When you know what is in your collection, you are better able to ensure that patrons have what they need. Explore best practices of performing inventory, managing title and copy records, and ensuring patron data is up to date.

### Using Reports to Support Library Advocacy

Destiny® Library Manager™ has many preformatted reports for gathering data about your library. In addition, you can use Destiny's Report Builder to analyze customized data and make informed decisions. Use this data to better support your students, faculty and school district in meeting academic goals and advocating for your library.

### Connected Libraries: Information Literacy in the Content Areas

Librarians can help support students' overall literacy development. And as instructional partners, they are in a key position to collaborate with teachers in the planning and delivery of instruction across all content areas. Destiny digital resources can connect libraries with instruction and make key connections between learning in the classroom and the library.
