

Destiny Discover Kindle® Fire app installation guide*

Installation of this Destiny Discover app .apk is approved for and supported on 2nd, 3rd, 4th and 5th generation Kindle Fire devices only. For versions of the Destiny Discover app that are compatible with other devices, visit <http://www.folletlearning.com/books-materials/learn/digital-content/follett-ebooks/ebook-management/destiny-discover/download>.

Installing the Destiny Discover app:

1. Send the app (Destiny Discover.apk) to an email address you have available on the Kindle.
2. On the Kindle, open the email containing the Destiny Discover.apk attachment.
3. Open the attachment.
4. On the Attachment Info pop-up, tap **Settings**.
5. Change the first option, "Apps from Unknown Sources", from **Off** to **On**.
6. Select **OK** to the warning.
7. Go back to the email, and open the attachment again.
8. Tap **Install**.

The app is now installed on the Kindle.

If you want, use the following steps to block new apps from unknown sources:

1. Go to **Apps**.
2. Select the **Settings** app.
3. Tap the **Applications** menu.
4. Change the first option, "Apps from Unknown Sources," from **On** to **Off**.

If you need help installing or using the Destiny Discover app, contact your local librarian. Librarians in need of assistance should contact Follett Technical Support.
